Methodology

The IEFP's support measures, which includes professional training, promotion of employment and the professional integration of disable people, are vast. Beneficiaries often use a sequential set of support measures. Thus, common routes/sets of measures were defined.

This value refers to the sum of the costs incurred with a youth (up to 30 years old), who has enjoyed from the following measures:

- 1. Professional internship (4.931€)**- Financial support granted to those who promote 9 months – internships. This cost represents the average cost of internships completed in 2016, without any interruption.
- 2. Employment Award (1.351€)**- Financial award granted to those who hire past-interns, through a contract without term. This cost represents the average value of the applications approved in the past (2017).

More information on each of these measures can be found on the [official website](#).
